# BRAND STORY

Stella sanitary ware draws inspiration from the Italian art and sculpture. The refined realism of Italian art is at the core of all Stella design thinking. Creatively designed Stella products embodies the expression and emotion of its users. With the Italian flair, Stella often ventures to make product range in rich, vibrant colours and indulges in adding decorative ornamentations.

Since the Roman civilization, artisans have developed unique skills and precision in ceramic product making - a legacy carried forward today in modern sanitaryware making. Stella is produced in state-of-the art Italian technology for unmatched precision and aesthetics.

Stella has a countrywide distribution network and skilled sales professionals. Stella's products reach every corner of the country through its network. Skilled and trained team of plumbers ensure quality after-sales service across the country.

Stella has premium international quality commode & basin which will be showcased in this brochure. In addition to the premium commode and basin, Stella has an affordable range of sanitary ware and accessories catering for all customer groups. Stella is committed to playing a significant role in achieving improved sanitation for all in Bangladesh.
